JSPM's Rajarshi Shahu College of Pharmacy & Research

Digital smart board, LCD projectors, Over Head Projectors

Purpose	JSPM's Rajarshi Shahu College of Pharmacy has incorporated smart board technology to significantly enhance the teaching and learning experience for both faculty and students. Classrooms are also equipped with state-of-the-art audiovisual technology viz. Digital smart board, LCD projectors and Over Head Projectors, thus stepping up the teaching-learning experience to next higher level.
Benefits	<ul style="list-style-type: none">• Interactive Learning: Smart boards facilitate interactive learning sessions, allowing teachers to engage students more effectively through multimedia content, interactive quizzes, and real-time discussions.• Visual Representation: Complex pharmaceutical concepts and processes are better understood when visually represented. Smart boards enable professors to illustrate concepts graphically, leading to improved comprehension among students.• Digital Access to Resources: With smart boards, teachers can access a vast array of digital resources, including online textbooks, research articles, and educational videos, expanding the scope of learning materials.• Enhanced Engagement: The dynamic nature of smart board presentations captivates students' attention, fostering active participation and a deeper connection with the subject matter.
Outcomes	<ul style="list-style-type: none">• Continuous Professional Development: Regular workshops and training sessions will be conducted to ensure faculty members stay updated with the latest advancements in smart board technology.• Integration of Advanced Features: The college plans to explore advanced smart board features, such as AI-based content recommendations, data analytics for student performance, and augmented reality (AR) applications.• Collaborative Learning: Smart boards will be used to encourage collaborative learning experiences, where students can actively participate and share knowledge with their peers.• Wider Adoption: The successful implementation of smart boards in the Pharmacy College has motivated us to explore expanding this technology to other departments within the institution.

Guest Lecture

How to find peace inside ourselves

Guest lecture was organized on topic "**How to find peace inside ourselves**" on Tuesday, 5th Sept. 2023, at JSPM's Rajarshi Shahu College of Pharmacy & Research, Tathawade, Pune. **Raj Vidya Kender Team**, Pune delivered the expert talk.

Principal, Dr. K. R. Khandelwal felicitated the Guest. Raj Vidya Kender Team demonstrated that personal peace is a fundamental right for all and Peace is the path we take for bringing growth and prosperity to society. Team guided that it is not a certain individual's responsibility to maintain peace but everyone's duty. Team focused on peaceful thoughts and said it is obvious that we will keep facing crises on many levels but we can manage them better with the help of peace, moreover, peace is vital for humankind to survive and strive for a better future. The lecture was very informative. Ms. Anshika Varma, T.Y. student delivered vote of thanks.

5 8 Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Objective: To provide basic knowledge of clinical research to students and have better job opportunities

Outcomes:

Students will be able to attain following knowledge and skills:

1. To foster an ambitious desire to work in Clinical Research
2. To update knowledge about clinical research area to understand ethical standards
3. To pursue a life-long career in Clinical Research for personal and professional growth for the betterment of society
4. To work effectively in a group or team to achieve goals, develop leadership and time management.
5. To improve listening, writing and verbal communication.

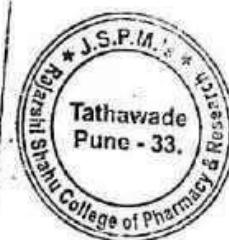

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

Program Duration: More than 30 hours for final year B. Pharmacy students during January to March

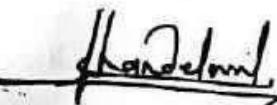

Scope:

1. Clinical Research is gaining importance, as a career & is expected to provide jobs for thousands of young graduates of various fields.
2. In the last few years India has become a global hub for the Clinical Research & Research work particularly in the form of Clinical Trials, Clinical Data Management, and Pharmacovigilance etc. which are being outsourced to our country.
3. These have provided large job opportunities to the youth of our country.
4. Taking into consideration all the above facts we decided to impart this value added course that is certificate course in Clinical Research to our B.Pharm Final Year students

Prof. Trupti Deshpande

Prof. Kakad Vrushali

Prof. Chandrani

**Value-added course imparting transferable and life skills by
'Certificate Course in Clinical Research'**

Name of the value-added course: Certificate Course in Clinical Research

Course Code: RSCOPR-CR

Year of Introduction: 2012-13

Introduction of Course: The institution offers 'Certificate Course in Clinical Research' program for final year B. Pharm students. To meet the growing demands of Pharma-industries of a skilled person, the institute is striving hard to develop the skills of students by giving them value added courses. Transferable skills are skills and abilities that are relevant and helpful for social and professional areas of life. Employers demand for employees who can demonstrate a good set of transferable skills. It is vital, therefore, to develop multi-dimensional insights of students such as teamwork, leadership, time management and communication skills to reveal their potential by demonstrating transferable and life skills.

With an insight of this, institute has started this certificate course since 2012-13 for final year B. Pharm students to get an in-depth knowledge about clinical research and develop transferable and life skills.

Clinical Research is gaining importance as a career and provides jobs for thousands of Pharma graduates.
