

Jeevit Nadi Abhiyan

NOTICE

Certificate course under Environment and Sustainability 2023-24

Course code: RSCOPR-EV

'Jeevit Nadi Abhiyan'

Date: 12/04/2024

All students of Second Year B. Pharm are hereby informed that the institute has organized **Certificate Course under Environment and Sustainability 'Jeevit Nadi Abhiyan'** course in collaboration with Jeevitnadi- Living River Foundation, during 13/4/2024 to 30/4/24. All are instructed to gather in the seminar hall for the same.

Curriculum-

1. Orientation about "Jeevitnadi – Living River Foundation" and workflow of the course
2. River Clean-up drive and information about river habitat at Ram Mula Confluence
3. Project assignment based on river health and ecosystem
4. Evaluation of project by report submission and viva.

Program Coordinator

Principal

**JEEVITNADI
LIVING RIVER
CERTIFICATE
OF PARTICIPATION**

This certificate is presented to:

*JSPM'S RAJARSHI SHAHU COLLEGE OF PHARMACY AND
RESEARCH, TATHWADE, PUNE*

For Successfully participating and completing the certificate course under
"Environment and Sustainability"
titled

Jeevitnadi Abhiyan (The Living River Foundation)

By 128 students of the institute

From 13th April to 30th April 2024

**CO-ORDINATOR
JEEVITNADI-LIVING RIVER**

**CO-ORDINATOR
JEEVITNADI-LIVING RIVER**

JSPM's Rajarshi Shahu College of Pharmacy & Research, Tathawade, Pune-33

Certificate Course in Environment and Sustainability 2023-24

Course Code: RSCOPR-EV

Year of Introduction of course: 2023-24

Students enrolled: 128

Objective: To create awareness amongst students about their responsibility towards environment and sustainability for their holistic development

Outcomes:

Students will be able to attain following knowledge and skills:

1. Pharmaceuticals in water: risk to aquatic life and remediation strategies
2. Impact Assessment of effluents (waste) from Pharma manufacturing industries.
3. Preservation of natural resources.
4. Improvement of environmental, social or economic performance.
5. Responsible use of natural resources and reduce environmental degradation.
6. Importance of Green Chemistry in new drug development to reduce pollution

Introduction of Course: The institution offers 'Certificate Course in Environment and sustainability' program Pharma students. Environmental sustainability is important to preserve resources like clean air, water and wildlife for future generations to maintain healthy ecosystem. To create awareness amongst students about global warming, preservation of natural resources, reduction of pollution and use of green energy and ultimately for holistic development of students, as a pharmacist they are one of the important pillars of the society.

Program Duration: 30 hours

Prof. Dr. Ashlesha Pandit

Prof. Madhavi Bindu

JSPM's Rajarshi Shahu College of Pharmacy & Research, Tathawade, Pune-33

Certificate Course in Environment and Sustainability 2023-24

Year of Introduction of course: 2023-24

Students enrolled: 128

Jeevitnadi Abhiyan

At Jeevitnadi, they firmly believe that river revival is possible through active participation of the citizens. Inspired by prominent ecologist Late Shri Prakash Gole, alumni of Ecological Society came together in 2014 to work for revival of rivers in Pune. This was a group of individuals from diverse professional fields who were passionate about environment conservation and their main focus was on changing perception of people about the rivers and bringing back the lost connection particularly in the urban areas. This initiative to protect rivers evolved into Jeevitnadi. In September 2016, Jeevitnadi became a section 8 company, registered under the name Jeevitnadi – Living River Foundation.

Jeevitnadi works on various projects and is associated as one of the founders of Ramnadi restoration mission. It is also on advisory panels and recipient of many accolades and awards.

In collaboration with Jeevitnadi – Living River Foundation, JSPM's RSCOPR conducted a certificate course under "Environment and Sustainability" as Jeevitnadi Abhiyan for the holistic development of the students.

Curriculum-

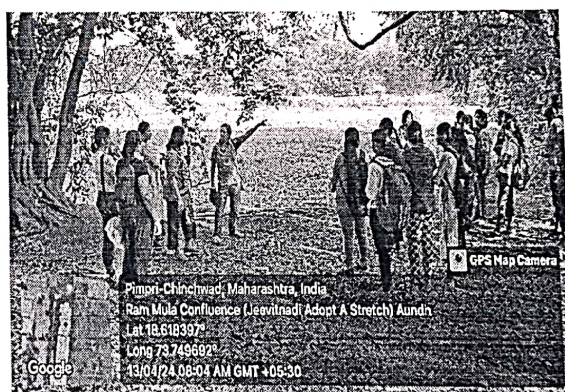

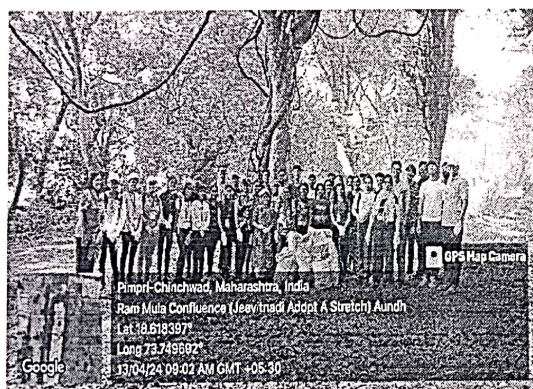

1. Orientation about "Jeevitnadi – Living River Foundation" and workflow of the course
2. River Clean-up drive and information about river habitat at Ram Mula Confluence
3. Project assignment based on river health and ecosystem
4. Evaluation of project by report submission and viva.

Jeevitnadi Abhiyan

River Clean-up Drive

At Jeevitnadi a NGO firmly believe that river revival is possible through active participation of the citizens. This initiative to protect rivers evolved into Jeevitnadi. Jeevitnadi works on various projects and is associated as one of the founders of Ramnadi restoration mission. It is also on advisory panels and recipient of many accolades and awards.

In collaboration with Jeevitnadi – Living River Foundation, JSPM's RSCOPR conducted a “River Clean-up Drive” at Ram Mula confluence, Baner to create awareness about preservation of river and maintain healthy river ecosystem. Second year B.Pharm students along with faculty coordinator Prof. Dr. Ashlesha Pandit and Prof. Madhavi Bindu actively participated in the drive. Students were happy to visit the lush green untouched area in the heart of the city and updated about river habitat. Thanks to our Principal Dr. K.R. Khandelwal for motivation and permission for the activity.

Dear Madam,

As discussed, your students are most welcome to have cleanup on the morning of 13th April, Saturday from 7.30 - 8.30 am. We are expecting 50 students each at our Aundh and Baner Adopted stretches.

The cleanup drive will start at each location by 7.30 am. At Aundh we also water planted saplings. Students are to bring their own water bottles, caps, hand gloves (not the single use gloves as they contribute to more waste.)

Please note that there are no charges for clean-up.

Also please note, we issue individual certificates to students, only if they have done substantial work within a consistent time period of 3-6 months. However we can issue a **Certificate of participation** to your institute with a mention of the number of students who participated in the activity. Please confirm if this is fine with you.

Looking forward to the Saturday event and also for more collaborative work with your institute.

Contact for Aundh ghat : Myself - Mrinal Vaidya - 99603 50779

Location Aundh: <https://maps.app.goo.gl/H65jK2aipaws3U8F8>

Contact for Baner ghat: Shubha Kulkarni- 9930809046

JSPM's Rajarshi Shahu College of Pharmacy & Research, Tathawade, Pune-33
 Certificate Course of "Jeevit Nadi Abhlynn" Under Environment and Sustainability
 Course Code: RSCOPR-EV

R. No.	Title
1 to 5	Water Resources and their importance
6 to 10	Life Cycle Assessment of some commonly used medicines.
11 to 15	Ecosystem services of streams and river
16 to 20	Impact Assessment of some commonly used shampoos and detergents
21 to 25	Impact Assessment of some commonly used toiletries
26 to 30	Impact Assessment of effluents (waste) from Pharma manufacturing industries
31 to 35	Impact assessment of unscientific disposal of medicines
36 to 40	Impact assessment of unscientific disposal of packaging materials
41 to 45	Impact assessment of unscientific disposal of biowaste
46 to 50	Pharmaceuticals as emerging pollutants for river health
51 to 55	Importance of Green Chemistry in new drug development reduce pollution
56 to 60	Water resource conservation methods in Pharma manufacturing processes
61 to 65	Importance of preservation of plants at the bank of river
66 to 70	Growth control methods of hyacinth (water weed)
71 to 75	Impact of 'Construction and demolition debris' (C and D)- metallic on river ecosystem
76 to 80	Impact of 'Construction and demolition debris' (C and D)- non metallic on river ecosystem
81 to 85	Types of hyacinth (water weed) and their impact on river health
86 to 90	Types of Plants specifically grow at the river banks
91 to 95	Aquatic habitat at the river
96 to 100	Channelising deposition of water from Sewage Treatment Plant
101 to 105	Steps to avoid river pollution
106 to 110	Proper disposal of plastics
111 to 115	Impact assesment of e-waste on water bodies
116 to 120	Impact Assessment of antibiotics on the river ecosystem
121 to 125	Pharmaceuticals in water: risk to aquatic life and remediation strategies
126 to 128	Water-born diseases
