

**Jaywant Shikshan Prasarak Mandal's,
Rajarshi Shahu College of Pharmacy & Research,
Tathawade, Pune 411 033**

1. To reduce waste at institute, students and staff are educated on proper waste management practices.
2. The waste is collected on a daily basis from various sources and is separated into **dry and wet waste**.
3. Colour coded dustbins are used for different types of wastes

This is made possible via continuous awareness programs through lectures, advertisement on notice boards, displaying slogan boards in the campus.

Table :1 Sources and Type of waste generated from various sources

Sr no.	Source	Type of waste generated
1.	Classrooms	Paper, plastic, aluminium foil, pens, disposable cups, Charts
2.	Laboratories	Paper, plastic, Glass (slides, cover slips, glass bottles, blotting papers, tissues, syringes
